CGM#4 – Haarlem, 7 March 2018 progress report WP 5

2nd reporting period 15-09-2017 to 15-03-2018

Berry Gersonius

What have I achieved so far?

+ ## Content

   + Baseline of AM maturity established

   + Potential for improvement per AO identified (as part of WP3)

   + Opportunities for peer-to-peer learning explored

+ ## Communication

   + Presentation of FAIR framework / process scheme to PLG

   + IHE-Delft short course / module on AM of water infrastructure

   + Policy debate at Midterm event (with help of RWS)

+ ## Dissemination

   + FAIR Learning Platform populated with courses, to be launched at Midterm

   + 2 IALCCE abstracts and full papers submitted

   + *Infrastructures* special issue on AM of water infrastructure launched

What will I undertake until June?

+ ## Content
    + Develop AO-to-AO learning programme
    + Translate maturity improvements into result indicator improvements
    + Start to develop research proposal(s) for next Interreg NSR round

+ ## Communication
    + Start to think about next policy debate

+ ## Dissemination
    + Continued development of FAIR learning platform
    + Translate IALCCE papers into journal papers (for special issue)
    + Possibly write a journal paper on FAIR framework or on the Ringkøbing Fjord case study (MSc thesis)

What are my concerns/challenges?

+ Content
  + How close do the self-assessment results reflect reality and/or group discussions?
  + Interest of TUD or IHE students for MSc topic on maturity improvements
  + Jointly identify remaining gaps (beyond FAIR), which will feed into research agenda (pitch agenda in Steering Group)

+ Communication
  + What are communication priorities for WP5 (e.g. on FAIR platform)? How and when to translate these into actions? Discussion with Priscilla and Ita.

+ Dissemination
  + Video recording of key note presentations at CGMs. Ita is willing to help with this, but need to think about custom made videos.
